# Welcome

## A message from the Head of School

**All Saints Grammar has been partnering with families to help shape the lives of students since 1990. Founded by the Parish and Community of Belmore and District, the School was established to support families in their quest to instil Hellenic values and the Orthodox Christian faith as part of a holistic high quality education to the next generation of Greek Australians.**

Today, our School attracts students from many different faiths and backgrounds and together we share a set of common values. Our pillars of **Faith, Excellence** and **Respect** guide our teaching and learning and are embedded in the daily life of our School. Through our daily engagement, we encourage students to be courteous at all times, to respect themselves, others and the broader community.

Our team of exceptional educators challenge our students to reach their full academic potential by designing learning opportunities focused on developing core learning skills. In addition, students are encouraged to draw inspiration from our faith and to uphold these values in their day-to-day lives.

At All Saints Grammar, we believe that the foundation of a great school rests with its people. The partnership we create with our community is about more than just academic success; it is also about nurturing and encouraging each student to flourish as an individual through educating and guiding the young lives entrusted to our care in a holistic manner.

Our scholarships enable students to enjoy opportunities not usually found in Australian schools and become part of our wonderful School community that is redefining success for all its members.
